ABOUT IIT KANPUR

IIT Kanpur, established in 1959, is one of the premier institutions of higher education in India. It is renowned for its comprehensive excellence across diverse fields, ranging from engineering and technology to the humanities and social sciences, affirming its holistic approach to education. It excels in fostering innovation and academic excellence across a wide range of disciplines. The institute is particularly distinguished for its engineering courses and cutting-edge research, contributing significantly to sectors like defense, space, and computer science.

The institution's involvement in **ESG and Business Sustainability** exemplifies its commitment to expanding its academic purview into critical contemporary areas like sustainability and corporate governance. This program underscores IIT Kanpur's dedication to developing forward-thinking leaders capable of integrating ethical practices into business strategies, thereby contributing positively to global environmental and social challenges.

WHO ARE WE?

Edovu Ventures is a pioneer in shaping the educational landscape, providing world-class learning experiences to the students. After a successful journey in school education, Edovu Ventures is embarking on a new venture in higher education under the name eduXLL. At eduXLL, we are redefining the boundaries of online education by offering a platform where ambition meets opportunity. Born from a vision to make high-quality education accessible to all, eduXLL bridges the gap between learners and their aspirations through a meticulously curated catalog of online programs. Our mission is to empower individuals around the globe by providing them with the tools, knowledge, and skills they need to excel in their careers and personal development.

ABOUT THE PROGRAM

The **“ESG and Business Sustainability”** programs offered by **IIT Kanpur** in which eduXLL is marketing partner, provides an in-depth understanding of how to integrate Environmental, Social, and Governance (ESG) principles into core business strategies. This course is designed to equip professionals, leaders, and policymakers with the skills necessary to foster sustainable and responsible business practices that align with global sustainability goals. Through comprehensive modules covering the environmental, social, and governance pillars, participants will learn to address challenges such as climate change, diversity, ethical governance, and sustainability reporting. The partnership between IIT Kanpur and eduXLL enriches the curriculum with expert instruction and access to a vast network of sustainability professionals.
